

Could you benefit from our new Easiaccess services?

We can install outdoor access ramps and handrails to make it easier to get in and out of your home.

and to arrange a free no-obligation quote.

We're here to help

Care and Repair Edinburgh are now offering Easiaccess handrails and ramps. These are modular systems installed by our own fully trained fitters. They are perfect for areas with external steps, sloping ramps and at garden paths.

The rails have a polymer paint coating that won't stick to your skin even in the coldest weather. They come in either matt black or British racing green colours. All nuts, bolts and brackets are stainless steel and won't rust.

In addition to our Easiaccess range, we also offer grabrails for external or internal doors, showers, baths and at the top and bottom of banisters for additional help with stairs.

About us

Care & Repair Edinburgh is an independent charity offering a range of practical services to help Edinburgh's older and disabled residents repair, improve or adapt their homes.

We've been helping people to live safely and independently in their own homes since 1985 and we complete over 6,000 jobs every year across the city.

There is some funding available to assist people who receive pension credit guarantee or support group ESA. Get in touch to find out more!
